Regional
Development
Australia

PILBARA

Regional Development Australia Pilbara is pleased to present the West Pilbara Children and Families Community Directory 2023 edition.

This Directory provides a brief description of and contact details for organisations, government agencies and Aboriginal Corporations that deliver services and support for children and families in the West Pilbara.

This Directory is published with funding from the West Pilbara Communities for Children (WPC4C) Initiative. The WPC4C Initiative is funded by the Australian Government Department of Social Services, through the Families and Children Activity. The objective of the WPC4C Initiative is to improve the health and wellbeing of families and the development of young children from birth through to 12 years of age.

Regional Development Australia Pilbara, as facilitating partner for the WPC4C Initiative, funds local community partners to deliver programs that are aimed at creating child-friendly communities, healthy young families, supporting family and parents, early learning and school transition and engagement. The WPC4C Initiative has a strong focus on evidence-based programs and supports early intervention and prevention service delivery for vulnerable and at-risk children.

Telethon Speech & Hearing

The Chevron Ear Health program is a modified bus which travels to a network of primary and secondary schools, kindergartens, and child-care centres in the West Pilbara. The focus of the Chevron Pilbara Ear Health program is Aboriginal and Torres Strait Islanders and high-risk children. Screening services have been expanded to include all children in participating primary schools and Year 7 students in high school. Each bus is fitted with equipment to enable trained screeners to perform ear health and hearing screening. The program aims to identify children with ear health problems early so that appropriate treatment can be implemented and managed to achieve better long-term outcomes in health and education.
